Permit 140062- response to Mr. Blackson comments

Hi Colleen,

This is just an FYI if you happen to get any calls about this, if you haven't already. I also have attached a letter to MCAQD from Dan Blackson (Tonopah community member) and their response to him. I've spoken to him previously and I believe that he talked to Larry (and perhaps Lisa) about the County's permitting regulations and the facility's permit. From MCAQD's response to Mr. Blackson's permit questions, it seems that ADEQ regulates many of the activities that he is concerned about. I'm not sure if he has contacted ADEQ yet or not.

Mr. Blackson,

Thank you for your email. I sent your email to the Department's Compliance & Enforcement

Division.

Sincerely,

Hether

**Subject:** Egg Factory Haze

Ms. Krause,

The attached link is clear demonstration of the pollution emissions from the egg factory in Tonopah and shows the haze that surrounds the hen houses that I cited in my comments for Air Quality Permit to Operate and/or Construct #140062. Please share this information.
